- 7. OLD BUSINESS
 - a. **M**-***Unpaid Pension Liability** Determine how to pay the portion of unfunded pension liability (UAL) that was billed to but not paid by members who withdrew from the Cooperative (SLO and SB).

For the FY 2022-23, the SLO/Santa Barbara portion on the unfunded liability was drawn from reserves. The directors need to decide whether to pay back that amount to the reserves and how they want to address future billings. GF (BG) reviewed our current cash reserve policy. NB (SP) pointed out that while the Cooperative is still looking to make changes in current legislature, it is safe to assume that SLO and SB will not be paying anytime soon. AF (PR) suggested that the FY2022-23 liability be paid from reserves but incorporate future amount into the upcoming budget. SJB (LM) is asking George from the Santa Barbara County Library Advisory Board that the county cover the Santa Barbara portion. She is working on a letter explaining the current situation and the steps BG is taking to address them. AG (GO) asked that Doss and Joan from the Board of Supervisors be included. The assemblyman for GO and CC, Greg Hart should also be included. JT (CC) suggested a letter be sent to the State Library as well to make sure they are aware of the situation.

A motion was made to pay the FY 2022-23 SB/SLO portion of \$37,000 from the reserves without pay back by current members.

1st AF/2nd SJB. Roll call: PR - Yes, SM - Yes, LM- Yes, CC - No, SP - Yes, GO- Yes.

A decision regarding the 2023-24 unfunded liability was TABLED for further consideration.

ACTION ITEM: GF (BG) will draft a letter to Greg Lucas at the State Library detailing the situation.

e. M-*2023-24 Tentative Budget - Review the first draft of the budget for the FY 2023-24.

GF (BG)presented the 1st draft of the budget for the FY 2023-24. Some possible changes include lowering the Attorney and consultant fees, as these are arbitrary amounts. Look into alternate delivery services, look at getting a quote from Equinox as an alternative to Bywater Solutions. Exclude PR from the movie licensing fees. From time to time, Black Gold staff orders supplies and equipment directly for individual libraries and is then reimbursed from the libraries for the cost of those purchases. Those purchases are not budgeted. The expenditures and invoices to the libraries for reimbursement are netted together in the accounts noted here (beginning with "63__"). The balances shown are a result of timing differences between recognition of cost and recognition of reimbursement.

Allison Gray, Chair, FY 2022-2023

Black Gold Cooperative Library System Statement of Revenues and Expenditures For the Seven Months Ended January 31, 2023 Fiscal Year Elapsed: 58%

From time to time, Black Gold staff orders supplies and equipment directly for individual libraries and is then reimbursed from the libraries for the cost of those purchases. Those purchases are not budgeted. The expenditures and invoices to the libraries for reimbursement are netted together in the accounts noted here (beginning with "63__"). The balances shown are a result of timing differences between recognition of cost and recognition of reimbursement.

DRAFT AMENDMENT, GOVERNMENT CODE SECTION 6508.2

The proposed text, underlined below in red, would accomplish two changes sought by its proponents: (1) make member withdrawal from an ongoing JPA an additional trigger for requiring agreement among current and past members on apportioning the JPA's unfunded, accrued pension liabilities; (2) require withdrawn members to continue to contribute their share of periodic payments to CalPERS of a portion of the JPA's unfunded accrued pension liabilities, where the JPA has established a plan for such periodic payments.

Proposed amendatory language is underlined and in red.

- 6508.2. Agreement on apportionment of agency retirement obligations after decision to not contract with California Public Employees' Retirement System; challenge by member agency; arbitration; retroactive application; commencement of action.
- (a)(1) Prior to filing a notice of termination pursuant to Section 20570 or 20571, or a decision by the governing body of an agency that does not contract with the California Public Employees' Retirement System to dissolve or to cease the operations of the agency, or upon withdrawal from a joint powers agency by a member agency which held membership when the joint powers agency contracted with the California Public Employees Retirement System, member agencies of an agency established by agreement under this chapter that participates in, or contracts with, a public retirement system, shall mutually agree as to the apportionment of the agency's retirement obligations among themselves, provided that the agreement equals 100 percent of the retirement liability of the agency. A copy of this mutual agreement, signed by all parties thereto, shall be provided to the board, which shall be reflected in the agreement with the board. If the member agencies are unable to mutually agree, the board shall apportion the retirement liability of the agency to each member agency based on the share of service received from the agency, or population of each member agency, such that the apportionment equals 100 percent of the retirement liability of the agency, which shall be reflected in the agreement with the board.
- (2) A member agency may challenge the determination by the board to apportion the retirement liability of the agency within 30 calendar days of the determination. However, a member, or a former member, that is not identified by the board pursuant to subdivision (a) shall not be permitted to challenge a determination by the board.
- (A) A challenge pursuant to this paragraph shall be referred by the member agency or agencies that challenge a determination by the board to an arbitrator who shall, at the arbitrator's discretion, apportion the liability among the current and former member agencies such that the apportionment equals 100 percent of the retirement liability of the agency. The arbitrator shall make a decision as to the apportionment of liability no later than 60 calendar days following referral of a challenge.

- (B) The final decision by the arbitrator shall be binding on all current and former member agencies, and all costs of arbitration shall be equally shared among the member agencies that are identified by the arbitrator to share in the apportioned liability. The arbitrator shall submit an official copy of their final decision to the board within seven calendar days of the decision.
- (b) An agency shall not be permitted to terminate pursuant to <u>Section 20570</u> or <u>20571</u>, nor shall a decision by the governing body of an agency that does not contract with the California Public Employees' Retirement System to dissolve or cease to operate, become effective until a final determination or decision, pursuant to paragraph (1) or paragraph (2) of subdivision (a), is final.
- (c) Upon notice by the board of a potential termination pursuant to <u>Section 20572</u>, an agency established by agreement under this chapter shall, within 60 calendar days, provide to the board a copy of an agreement, signed by all parties thereto, that sets forth the apportionment of 100 percent of the retirement obligations of the agency. If the agency does not timely provide a copy of the mutual agreement, the board shall in its sole discretion apportion the retirement liability of the agency among the current or former member agencies, such that the apportionment equals 100 percent of the retirement liability of the agency.
- (1) A member agency may challenge the determination by the board to apportion the retirement liability of the agency within 30 calendar days of the determination. However, a member, or a former member, that is not identified by the board pursuant to subdivision (a) shall not be permitted to challenge a determination by the board.
- (2) A challenge pursuant to paragraph (1) shall be referred by the member agency or agencies that challenge a determination by the board to an arbitrator who shall, at the arbitrator's discretion, apportion the liability among the current and former member agencies such that the apportionment equals 100 percent of the retirement liability of the agency.
- (3) The arbitrator shall make a decision as to the apportionment of liability no later than 60 calendar days following referral of a challenge and shall submit an official copy of their final decision to the board within seven calendar days of the decision. The final decision by the arbitrator shall be binding on all current and former member agencies, and all costs of arbitration shall be equally shared among the member agencies that are identified by the arbitrator to share in the apportioned liability. The board may take action to terminate the agency's contract no earlier than 30 calendar days following the final decision by the arbitrator.
- (d) Mutual agreement among the member agencies, or a determination by the board, as to the apportionment of the retirement liability of the agency pursuant to paragraph (1) of subdivision (a), or a decision by the arbitrator pursuant to paragraph (2) of subdivision (a), may include the apportionment of retirement liability to a former member of the agency. In the event of withdrawal from a joint powers agency by a member agency

which held membership when the joint powers agency contracted with the California Public Employees Retirement System and where the joint powers agency has established a repayment plan to periodically pay down its unfunded, accrued retirement obligations, the withdrawn member shall continue to contribute to the joint powers agency that portion of the periodic payments which, prior to withdrawal, was the withdrawn member's share.

- (e) This section shall apply retroactively to current and former member agencies of an agency that has an agreement in existence with the board as of January 1, 2019. In addition, this section shall apply to a new agreement between an agency and the board on or after January 1, 2019. However, this section shall not apply to an agency established pursuant to this chapter that has dissolved prior to January 1, 2019.
- (f) For purposes of this section, "board" means the board of any pension or retirement system of a public employer, including, but not limited to, an independent retirement plan offered by a public employer that the public employer participates in or offers to its employees for the purpose of providing retirement benefits, or a system of benefits for public employees that is governed by Section 401(a) of Title 26 of the United States Code.
- (g) Notwithstanding any other law, if a judgment is rendered against an agency or a party to the agreement for a breach to its obligations to the public retirement system, the time within which a claim for injury may be presented or an action commenced against any other party that is subject to the liability determined by the judgment begins to run when the judgment is rendered. "Repayment plan" means a plan adopted by a joint powers agency which contracts, or contracted, with the California Public Employees Retirement System, to periodically make payments to the California Public Employees Retirement System to pay down its accrued unfunded pension obligations, which periodic payments are funded by member contributions in amounts according to a formula adopted by the joint powers agency.

Greg Lucas
California State Librarian

Dear Greg,

I am writing to you on behalf of the Black Gold Cooperative Library System and each of our member libraries regarding our CalPERS Unfunded Accrued Pension Liability (UAL). We are seeking support from your office. Let me explain.

Black Gold Cooperative Library System has maintained a contract with CalPERS for employees' pension since 1985. Our member libraries have always paid for the employee benefits including the CalPERS pension based upon the level of service that they receive. As with all CalPERS agencies across the state, we are also facing a huge UAL as a result of factors in the financial marketplace since 2008.

Every year, Black Gold makes a payment toward the amortized balance of the UAL, and we pass this on to our members in our annual budget. As I am sure you know, San Luis Obispo County Library (SLO) and Santa Barbara Library (SB) withdrew from the Black Gold Cooperative effective July 1, 2022. Although they received all the benefits of the services of the Black Gold employees from 1964 to the date of their departure (their combined share exceeded 50% of membership contributions), they have indicated that they do not intend to continue payment of their portion of the annual UAL. Unfortunately, they are not obligated to do so under AB1912. This statute makes individual members (both current and past members) of a JPA liable for the unfunded accrued liability in the event of a plan termination and provides a mechanism for apportioning the liability. However, the language of the statute does not apply if the pension agreement is not terminated.

The specific problem is that although SLO and SB withdrew from Black Gold, the JPA remains intact, and the pension contract with CalPERS is not terminated. Under these conditions, the provisions in AB1912 don't kick in and the retirement liability isn't apportioned among both present and past members. This year alone, the amount of the allocation to SLO and SB exceeds \$30,000, for which they will not pay. This unfairly shifts the share of the unfunded accrued pension liability owed by SLO and SB to the remaining members. As of last year, we were facing over \$700,000 in total Unfunded Accrued Liability, and in the event that we are forced to terminate the plan, we have been given a hypothetical termination liability of \$3,000,000 - \$5,000,000.

It seems that the framers of the 2018 legislation simply did not contemplate the effect of members leaving a JPA while the pension plan is still active, so they didn't include broader language. One solution would be to amend the language to retroactively extend the liability and apportionment mechanisms to members who withdraw from an active JPA that continues to have a pension contract.

The legislation was written to protect the pensions of the employees/retirees. It's inconceivable that the County of San Luis Obispo or the City of Santa Barbara would refuse to pay the pensions of their dedicated employees. In effect, that is exactly what they are doing.

Since it appears likely that our only option is to approach this issue through legislation, we recently reached out to legislators in our districts-the office of Senator Monique Limón as well as Assembly member Gregg Hart. And since four of our six jurisdictions are in Santa Barbara County and they will be forced to pay for part of SLO and SB's rightful share of the liability, we are hoping that Santa Barbara County might be willing to help us in this endeavor as well.

If remaining members are forced to continue to pay for SLO and SB's share, the negative effect on their budgets will diminish the services our libraries can offer their patrons for at least the next decade.

This is why I am reaching out to you. We would like your support in our endeavor to amend the statute as it is currently written. We ask that you also reach out to the CA Attorney General's office for an opinion regarding this legislation.

Thank you in advance for your support and efforts in the matter.
