From time to time, Black Gold staff orders supplies and equipment directly for individual libraries and is then reimbursed from the libraries for the cost of those purchases. Those purchases are not budgeted. The expenditures and invoices to the libraries for reimbursement are netted together in the accounts noted here (beginning with "63__"). The balances shown are a result of timing differences between recognition of cost and recognition of reimbursement.

MEETING DATE:	May 17, 2024	ESTIMATED TIME FOR ITEM:	15 minutes
TITLE OF ITEM:	OverDrive contract	PRIORITY LEVEL: (1-Low 3 – High)	<input type="checkbox"/> 1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3
SUBMITTED BY:	Glynis Fitzgerald		
TYPE OF ITEM:	<input type="checkbox"/> For Discussion <input checked="" type="checkbox"/> For Decision/Request Motion <input type="checkbox"/> Other: _____		
BACKGROUND STATEMENT			
BACKGROUND: <i>Describe why you are bringing this item before council. What problem are you trying to solve? List information that would be helpful for decision making such as committee recommendations, pros/cons.</i>	OverDrive has given us a 10% discount on the magazine subscription for the last 2 years since they didn't know what our usage would be after the departure of SLO and SB. Our usage has increased, and they want to charge us the published price of \$17,500. I have asked for the same 10% discount, but they want a commitment from us. If we give them a 2-year commitment, they will extend to us a 15% discount. With a 15% discount, our savings will be \$2,625 per year or a total of \$5,650 over the 2-year period. If no 2-year commitment, then no discount.		
OUTCOME(S)			
DESIRED OUTCOME(S): <i>Describe your desired outcome(s)</i>	I would like a decision on the commitment for the next 2 years for the OverDrive magazine subscription.

2. CLSA Plan of Service Budget – One worksheet for each fiscal year you hold funds

PHYSICAL DELIVERY COUNTS – FY 2024-2025:

Systems are required to count, record, and report the number of deliveries they make during four sample two-week periods per year. Please note the dates below for the four two-week periods for the 2024-2025 fiscal year.

The number of items should be reported on your System Annual Report for FY 2024-2025, which is due at the State Library on September 2, 2025. Please count all items, including envelopes, for physical items going one way through your System delivery.

PURPOSE STATEMENT AND OVERVIEW OF THE OPPORTUNITY

The California Library Services Act states that:

"The Legislature finds and declares that it is in the interest of the people of the state to ensure that all people have free and convenient access to all library resources and services that might enrich their lives, regardless of where they live or of the tax base of their local government." ([18701](#))

"It is the intent of the Legislature to provide all residents with the opportunity to obtain from their public libraries needed materials and informational services by facilitating access to the resources of all libraries in this state. This policy shall be accomplished by assisting public libraries to improve service to the underserved of all ages, and by enabling public libraries to provide their users with the services and resources of all libraries in this state." ([18702](#))

"Each system shall annually apply to the state board for funds for intrasystem communications and delivery and resource sharing. Proposals shall be based upon the most cost-effective methods of exchanging print and digital materials and information among the member libraries." ([18745](#))

GOAL FOUR OF THE FIVE-YEAR PLAN

Activities supported with California Library Services Act funds contribute to the achievement of Goal Four of the State Library's Five-Year Plan for Grantmaking:

Strengthen equitable resource-sharing and access to information, services, and opportunity with an emphasis on local community strengths and challenges.

SUPPORT FOR COOPERATIVE SYSTEMS

Cooperative systems are assigned a liaison who participates in system meetings, provides updates from the State Library, and is available for support and consultation on the system's activities, and a

grant monitor to provide advice and support on program compliance and reporting during the project period.

PROJECT INFORMATION

INFORMATION REQUESTED	GUIDE TO PROVIDING THE REQUESTED INFORMATION
<p>Brief Abstract Provide a brief summary of your plan for this year including what you will do, for whom, and for what expected benefit. (Word limit: 60)</p>	<p>Ensure that your statement clearly and concisely represents your plan for this year. This statement may be used for publicity purposes.</p>
<p>Response:</p> <p>Black Gold Libraries share a single ILS. The CLSA funds will be used towards the courier costs to deliver the physical catalog items to all member libraries. Any remaining CLSA funds will be used to purchase OverDrive ebooks and eaudiobooks to be added to our shared OverDrive collection available to all Black Gold members.</p>	
<p>Description Describe</p> <ol style="list-style-type: none"> What you will do; How you will do it; What you aim to achieve; Why; and, For whom. <p>(Word limit: 300)</p>	<p>Provide a description that enables the reader to understand your plan for this year if they were to read only this response and no other portion of the application.</p> <p>The text should demonstrate how the proposed communication, delivery, and resource sharing activities will assist public libraries in improving service to the underserved of all ages and enable public libraries to provide their users with the services and resources of all libraries in your system.</p> <p>It should summarize your planned activities; describe how implementing the activities will achieve your desired outcomes; include information about your system's underserved populations and how your plan responds to their needs and aspirations; and connect to your timeline and budget.</p>
<p>Response:</p> <p>A- Black Gold will use the CLSA funding to pay 100% of the cost for a shared courier service to deliver physical items to and from our member libraries. Because all our members share the same catalog, our patrons regularly place holds on items from the other library jurisdictions within our Cooperative, so the delivery system is quite robust.</p> <p>B- The courier service runs 2 days every week to the main libraries of each of our members.</p> <p>C- We have been able to achieve high patron satisfaction by expanding their options beyond what their local library can offer.</p>	

<p>D- Our library community values their ability to access the vast collection held throughout the Black Gold Cooperative Library System. Many times, the needs of our library community are best met when patrons can request items from other libraries within our System.</p> <p>E- Our members are smaller rural libraries, so this sharing model is of great benefit to our communities.</p> <p>A- Black Gold will use any remaining CLSA funds toward purchases of ebooks and eaudiobooks for our shared OverDrive Collection.</p> <p>B- Black Gold members contribute funds toward the purchase of items in the shared OverDrive collection; and this amount will be supplemented by the CLSA funding. We have six member jurisdictions who will rotate each month to make purchases of ebooks and eaudiobooks for the whole Cooperative.</p> <p>C- We recognize the increasing desire for e-resources; so, as a Cooperative, we continue to expand our shared digital collection through OverDrive. In fact, the model of sharing these digital items has such a positive impact, all our members have chosen to share their individual OverDrive collections through OverDrive's Advantage Plus program.</p>	
<p>Agency Information Tell us the overarching mission, vision, goals, and objectives that have been set for your system. (Word limit: 300)</p>	<p>The response should align with your most recent strategic plan or other guiding documents and describe how your CLSA activities fit with your broader mission.</p>
<p>Response:</p> <p>Our Mission Statement is:</p> <p><i>"Black Gold Cooperative Library System provides cost effective resource sharing and support, thus enabling member libraries to deliver optimal services to their respective communities."</i></p> <p>The Cooperative provides administrative services, delivery of materials to member libraries, a networked integrated library system including an online catalog with shared cataloging, telecommunications, public Internet, and access to downloadable services. In addition, the delivery service makes trips to main libraries and the Black Gold headquarters several days a week, transporting items borrowed by patrons of member libraries.</p>	
<p>Impact to Date Describe the impact to date, results, and lessons learned from implementing actions described in previous plans of service. (Word limit: 300)</p>	<p>Ensure that the impact, lessons learned, or successes are evident and well-supported.</p>
<p>Response:</p> <p>We periodically survey our users to see what their priorities are. Our members frequently work with their patrons to determine the services they would like best. Black Gold delivery of physical items remains a very popular service. In fact, as the libraries reopened to full service after the COVID limitations, our patrons expressed gratitude that they were once again able to access the complete Black Gold shared collection. An example that further supports our assumption that patrons value the shared Black Gold physical collection is that many patrons of our recently withdrawn member libraries continue to express great dismay at the fact that their libraries left Black Gold, and they have become patrons of our remaining member libraries so that they could continue to enjoy the benefits of the shared Black Gold collection.</p>	

<p>Community Needs, Aspirations, and Assets Response Describe the community needs that this plan is intended to meet, the community aspirations with which it is intended to align, and how your plan responds to your stated community needs and aspirations. (Word limit: 300)</p>	<p>Include discussion of the needs, aspirations, and assets of the underserved communities that your plan will focus on and information about how and why these communities are underserved.</p> <p>Ensure that the community needs and aspirations are evident and well-supported, and demonstrate that your plan for communication, delivery, and resource sharing activities will respond to those needs and aspirations and will effectively contribute toward eliminating barriers to accessing library services faced by the identified underserved communities.</p>
<p>Response:</p> <p>Information regarding the underserved communities is not available at this time.</p>	
<p>Community Engagement Describe how you will engage underserved community members with your designed plan and activities. (Word limit: 300)</p>	<p>Provide information about how participating libraries and the system as a whole will identify, reach out to, and connect with members of underserved communities. Include any new or expanded partnerships and collaborations in which libraries engage with community stakeholders and groups from targeted populations.</p> <p>The information provided should connect to your overall description, activity descriptions, the timeline, and the budget.</p>
<p>Response:</p> <p>We will be developing this plan.</p>	
<p>Intent</p>	<p>Response pre-populated by the State Library</p>
<p>Response:</p> <p>Information Access: Improve access to information.</p>	
<p>Anticipated Outputs List your anticipated outputs. Include services to be provided and/or products to be created as well as the approximate number of each.</p>	<p>Outputs are quantifiable measures of services and/or products to be created or provided. Be sure to include the number of people you anticipate will participate in and/or benefit from each activity, if applicable.</p> <p>Ensure that the outputs connect to the overall description, activities, and budget, and will help to address the stated needs and aspirations.</p> <p>Outputs should include the names of services subscribed to; anticipated circulation numbers</p>

	<p>for items purchased that circulate, e.g., print books, eBooks, audiobooks; delivery numbers during sample count weeks; and the numbers of libraries that participate in purchased resources, services, and programs.</p> <p>Examples: One delivery service will be operated and [insert number] of items will be delivered between [insert number] of libraries.</p> <p>[Insert number] eBook licenses will be purchased from [insert name of service, e.g., Overdrive] for [insert number] libraries and the titles will circulate [insert number] times.</p> <p>One Integrated Library System will be purchased from [insert name of service] for use by [insert number] libraries.</p> <p>[Insert number] items will be loaned and [insert number] items will be borrowed through membership of the [insert name] inter library loan service.</p>
<p>Response:</p> <p>We will hire one courier van to pick up and deliver physical items two days every week and anticipate that more than 168,000 items will be moved throughout the System.</p> <p>We have budgeted \$96,000 for OverDrive e-books and e-audiobooks. 59% will be paid with CLSA funding. We expect to add over 6,500 items to our shared Black Gold collection.</p>	
<p>Evaluation Plans What metrics will you use to assess whether your activities delivered positive outcomes. (Word limit: 300)</p>	<p>Describe the metrics you will use and how your system defines positive outcomes.</p>
<p>Response:</p> <p>We will provide the number of intra-system library loans anticipating that the number will continue to increase year-over-year indicating a successful program. Our patrons have lauded Black Gold time and again for the vast collection offered by our sharing model.</p> <p>We will provide the quantities of digital items purchased from OverDrive along with circulation information anticipating the continued growth and satisfaction in the shared digital collection.</p>	
<p>Sustainability How is your cooperative system preparing and planning for the future? (Word limit: 300)</p>	<p>Include information about your plans for your system to evolve, which services are your system's priorities, and how the system will be funded if state funds were reduced or eliminated.</p>

Response:	
<p>Black Gold has experienced many challenges and changes throughout the last few years. First, COVID brought with it many changes to our operating model. Post-COVID we are enjoying a resurgence in patrons visiting the libraries and increasing circulation of physical items. We lost two of our largest library members and most of the remaining members have experienced changes at the leadership level. With these shifts within our cooperative, we are now in the process of reviewing how we service our members as well as how our members interrelate with one another. We are establishing new staff user groups, to accommodate more staff training, workshops, and idea sharing. We are looking forward to a strategic planning session to focus on and align the goals of our new group of Members. We are excited about the future of the Black Gold Cooperative Library System.</p>

TIMELINE

List your major activities and when they will occur

The timeline is designed to capture the major activities and when they begin and end. It must include all activities listed in the application (for example, when subscriptions or content will be purchased, programs will be delivered) and should connect to the overall description.

List activities in chronological order where applicable. Ensure that the timeline is realistic and feasible; includes sufficient detail for the reader to understand what will happen and when; and is consistent with the project description, activities, and budget.

PROJECT TIMELINE (add rows to the table as needed)

Activity	Month Started	Month Ended
Intra-System Courier Service (2 days per week)	July 2024	June 2025
OverDrive Purchases--Budgeted purchases made monthly	July 2024	June 2025

BUDGET INFORMATION

Please complete the accompanying Updates CLSA Plan of Service Budget Form (Excel).

Each budget category on your application requires an explanation of the expenses. Please complete one budget sheet for each fiscal year you hold funds. If you do not intend to spend funds from a fiscal year you hold funds in 2024-2025 you will still need to complete the bottom portion of the sheet. (2022-2023, 2023-2024, and 2024-2025)

APPENDIX A: GLOSSARY FOR CLSA PLAN OF SERVICE APPLICATIONS

Co-Design

The process of designing programs and services together *with* community members, instead of making decisions *for* community members. Co-design enables library workers to build strong relationships with the community and empowers community members to take a lead in the design and implementation of library programs and services. Co-design democratizes the design of services by equalizing the power dynamics between multiple community assets, making everyone partners in the design of programs and services. Inviting a group of teens to be part of a library's Teen Advisory Board to co-develop, co-plan and co-implement library programs for teens in that community is an example of co-design. (Adapted from the "Our Philosophy" page of the VRtality website: [https://www.vrtality.org/about/our-philosophy/.](https://www.vrtality.org/about/our-philosophy/))

Community Aspirations

Shared hopes and ambitions directed toward achieving one or more goals in the community. Aspirations are often presented as a counterweight during discussions that may focus solely on "need" and/or "deficits."

(For more information about aspirations, see the Harwood Tools page on the California State Library website: <https://www.library.ca.gov/services/to-libraries/harwood/tools/>)

Community Needs

Needs are the gap between what is and what should be. A need can be identified by an individual, a group, or an entire community. At the community level, the question becomes: what does the community need from the library? The data that goes into that process is often complicated and layered, but at its core it is identifying a need that is within the service area of the library and identifying library activities and services that can be used to address that need.

(Adapted from the Community Tool Box, a service of the Center for Community Health and Development at the University of Kansas at <https://ctb.ku.edu/en/table-of-contents/assessment/assessing-community-needs-and-resources/develop-a-plan/main> and from "Know Your Neighborhood: A Community Needs Assessment Primer" by Lisa G. Kropp: <https://www.slj.com/story/know-your-neighborhood-a-community-needs-assessment-primer/>)

Community Stakeholders

Community members and groups for whom the outcomes of library work are important. Community stakeholders include any individuals or groups, including end users, who see the library as valuable to solving community problems and addressing challenging issues related to the stakeholder's role in the community. A school district may be a community stakeholder for an early literacy project, for example, because early literacy affects the work of school districts.

Equity

Equity is providing fair treatment, access, and opportunity for the advancement for all people, while at the same time striving to identify and eliminate barriers that have prevented full participation from some individuals or groups. Improving equity involves increasing justice and fairness within the procedures and processes of institutions or systems, as well as in their distribution of resources.

(Adapted from Worcester State University, "Definitions of Diversity, Equity, and Inclusion," at <https://www.worcester.edu/diversity-inclusion-equal-opportunity/definitions-of-diversity-equity-inclusion/>)

Library Development Services (LDS)

A Bureau of the California State Library. Library Development Services staff members administer state and federal grant programs for California's libraries; develop statewide programs and initiatives;

collaborate with local, state, and federal agencies; support library partnerships and resource-sharing; and collect, analyze, and disseminate library statistics.

E-Resources

Electronic resources (or e-resources) are materials in digital format accessible electronically (allowed use or application of a resource created, purchased, or leased by one (1) or more participating libraries with three (3) or more participating libraries).

Resource Sharing

Resource sharing refers to the allowed use or application of a resourced created, purchased, or leased by one (1) or more participating libraries with three (3) or more participating libraries.

APPENDIX C: REGISTRATION REQUIREMENTS – UNIQUE ENTITY IDENTIFIER (UEI)

Registration Requirements

Organizations must maintain current information in SAM, including information on their immediate and highest-level owner and subsidiaries, as well as on all of predecessors that have been awarded a federal contract or federal financial assistance within the last three years, if applicable. IMLS may reject an application if the SAM registration is not active and current at the time of submission. IMLS may determine that an applicant without an active and current SAM registration at the time an award is made is not qualified to receive an award and use that determination as a basis for making an award to another applicant.

Unique Entity Identifier

The Unique Entity Identifier (UEI) number is a non-proprietary alphanumeric identifier assigned to all entities (public and private companies, individuals, institutions, or organizations) who register to do business with the Federal Government. The UEI replaced the D-U-N-S® Number in April of 2022 and is assigned by, the System for Award Management (SAM). **Starting on April 4, 2022, the UEI became mandatory and the D-U-N-S® Number is longer be accepted.**

System for Award Management (SAM)

The System for Award Management (SAM) is a federal repository that centralizes information about grant applicants and recipients. There is no fee to register with SAM.
