Patron Information

INPUT STANDARDS PATRON REGISTRATION

- 1. When a patron applies for a library card, check for a pre-existing patron account using the following methods in this order:
 - a. Search by name using the patron's last name, comma and first three letters of the first name. Confirm results using date of birth.
 - b. Search using privacy-protected format of driver's license number. Confirm results using date of birth. Entering the Full driver's license will not retrieve patron account; must enter the last four digits of the ID. Koha will search for other IDs so long as the format includes the privacy format.
 - c. Search using patron's date of birth.

BARCODE

- 1. New patrons scan account number from library card.
- 2. Existing patrons If a pre-existing account for a patron is located do not assign a new barcode. See "Replacement Library Cards".

REPLACEMENT LIBRARY CARDS

No agency charges replacement fees for normal wear and tear or for name changes. Some agencies may charge for a replacement card if the patron has lost or misplaced a card. An ID is required to replace a library card.

If a patron is currently registered at your library and wishes to have the card replaced, assign a new barcode. For Best Practice, the barcode prefix and registered library should match.

If a patron is not currently registered at your library and wishes to have the card replaced, confirm the patron wants to change their registered library. If necessary, update all fields and add new barcode.

- If the patron wishes to change libraries assign a new barcode and change the registered library. The barcode prefix and library should match. Online digital accounts may also need to be updated or deleted.
- 2. If the patron does not wish to change libraries follow best practices at your location to allow checkout and have the patron follow up at their registered library to obtain a new card.
- 3. The patron's previous barcode should be noted in the Previous Barcode field. This allows staff to verify the previous barcode when troubleshooting e-material issues (Overdrive, Hoopla, etc.).

SCANNER – PATRON ENTRY

A patron can be registered by scanning a driver's license. All information in the patron record is entered with ALL Caps in this instance. You do not need to change the entry to standards as below (re. Capitalization of first letter only). Please confirm the information on the license is correct.

ADDRESS

A valid home address is required for all patrons except for "Welcome". State law requires that patrons receive written notices before being sent to collections.

It is imperative we have a valid address.

To add an address, use the Main Address field (or Alternate Address if adding multiple addresses). If entering a second address, list the mailing or local address in the Main Address section. If mailing address and physical address are different, enter both.

Enter zip code, city, and state.

TELEPHONE/EMAIL, ETC.

Enter as appropriate. Set notification option according to patron's choice. Not required fields in Koha.

RULE	EXAMPLE
Enter the number in the Primary phone field. If a second number has been provided, enter it in the Secondary phone field.	Telephone #: 805-777-7777

PHONE FIELD ENTRY GUIDELINES

"Primary phone' is a mandatory field in the current automated system. For patrons who do not have a telephone, or refuse to give a telephone number, as of November 17, 2010, the agreed upon standard for this field on the patron registration screen is "none" or "refused" (no note in the patron record).

If a patron refuses to give either an email address or a telephone number, the staff member should put an agreed upon staff email address in the email field. Failure to do so will result in a patron account with fees/fines over \$50 going to Collections without any prior notice, or not going to Collections at all if the notice cycle cannot begin/complete.

Email or telephone notification is required for the notice cycle to begin. Telephone overdue notices that are not completed (answered) will receive a print bill notice after 30 days.

TELEPHONE INPUT STANDARDS FORMAT

The acceptable format for telephone numbers for automated calling is: 1- AAA-PPP-NNNN. "AAA" is area code, "PPP" is prefix, "NNNN" is number. Some general rules:

- Format applies to all telephone fields in the record.
- Only one telephone number per field (not "PPP-NNNN or PPP-NNNN" in the same line)
- The iTiva system can only call a direct number. If the phone number contains any of the following, it cannot be used:
 - An extension number.
 - A work number that needs to go through a switchboard.
 - A call blocking service access number such as *82

0

- Words in the telephone number are acceptable as the iTiva system ignores them. Examples: parents' home, work, cell.
- Do not enter any symbols such as # or *.
- Do not use a contiguous set of numbers such as 1111111 or 999. This could result in the automated system dialing 9-1-1 as it uses dialing formats to reach outside lines.

PASSWORD

Will default overnight to the last four digits of phone number if nothing is entered. If no phone number is entered, default to '1234'.

PREVIOUS BARCODE

If the patron is replacing their card rather than creating a new account, copy and paste the former account number into this field. In Koha, this is not a searchable field.

DATE OF BIRTH

Enter the date of birth, which is required, in the (MM/DD/YYYY) format. If the patron refuses to provide the year of birth, enter the birth year as 01-01-1900.

UNIQUE ID

Enter the last four digits of the ID number, followed by the type of ID in this order:

Driver's License

1. Enter the last four digits of the number, followed by a space.

 Enter the abbreviation of the issuing state, followed by DL to denote Driver's License, (with the exception of California which would be entered as CDL). Do not place a space between the two (i.e. AZDL, not AZ DL).

Enter first name first, middle initial or name, and last name last: Mary Jane Patron

STAFF INITIALS

Use your library's 2-letter code as used in Koha and a forward slash and your initials: LM/ss

STANDARDS FOR PATRON NOTES IN KOHA

Select the appropriate type of note to deliver the message to patron and/or staff.

- All notes should be brief and include only pertinent facts.
- All free-text notes should include date first, then Branch/staff initials
- In Patron Status Notes put most recent note at the top, date first, then Branch/staff initials.

If the notes field is full, refer to the supervisor for review.

PATRON REGISTRATION REQUIREMENTS

A jurisdiction should only change another library's patron codes if the individual has moved to that jurisdiction.

1 GV will issue a card with a government-issued ID with photo and proof of address. If there is no proof of address the patron will be asked to write the address on a preprinted confirmation postcard which will be mailed. The subsequent presentation of this card with its postmark shall constitute proof of address. GO issue cards to institutions with proper institutional ID and with individuals associated with institutions accepting personal responsibility.

2 SM will mail cards to patrons who have no other way to verify their mailing address. Patron is allowed to check out 2 items before card is mailed.

³SP will issue a card with a government-issued ID with a photo and proof of a permanent residential address. SP will mail postcards to patrons who have no other way to verify their mailing address. The return of this card with a recent postmark will be used as proof of address. If the address used is a transitional location, a Welcome card will be issued instead of a permanent card. If the address used is a P.O. Box, mail with a recent postmark is required.

LIBRARY CARDS

It is a common practice to issue library cards to individuals only, apart from ILL institutions. Lompoc issues cards to the prison. The prison gets a higher checkout limit.

In October 2020, the Administrative Council voted that juvenile or teen patrons 'aging up' to adult cards should have existing fines and fees removed from their account.

ONLINE REGISTRATION *

Patrons may register online and receive a temporary barcode starting with the library prefix and then an 'E' (example 22138E). Libraries are assigned based on zip code designations through a 3rd party vendor that does address verification. "E" cardholder registration is set at 3 months. These cardholders may place holds and use online services such as Overdrive.

*Carpinteria and Paso Robles Libraries do not use online registration at this time.

CARD EXPIRATION

Check is determined by jurisdiction. See Patron Type table for expiration dates.

Circulation

CIRCULATING MATERIALS

Black Gold member libraries make their circulating books available to each other's respective patrons. Requests for individual items are on a "prefer my patron" basis and are processed in accordance with the procedures of the lending library.

One exception to standard loan practices is Leased Collections (copies of high demand titles with no additional charge). These items can only be checked out from and returned to the owning jurisdiction; they are not holdable throughout Black Gold. Hold limits are determined by Branch.

Book Club Kits are holdable and can be reserved on the PAC. Library branches adding or removing kits should notify the Black Gold System Cataloger so that book club specific fields and supplemental materials may be added to the record. The library should indicate if they will provide supplementary materials or if Black Gold staff should locate generic discussion questions.

NON-CIRCULATING MATERIALS INCLUDING REFERENCE, SPECIAL COLLECTIONS AND MICROFORMS

The loan of reference and special collections items is subject to the lending library's consent, based on considerations such as demand, rarity, and the condition of the requested material. The loan period is determined by the lending library. It is assumed that the items are restricted to use within the receiving library unless special permission to circulation has been granted separately.

HOLDS

HOLD LIMITS

In general, Patrons are allowed to place up to 20 holds on items. Hotspots are limited to one hold per patron. Libraries of Things hold limits are determined by jurisdiction. For the following patron types the hold limit per account is:

Institution = 99, Library = 30, Elementary = 5.

Held items will be on the hold shelf for 10 open days. Propose changing it to 7 days.

HOLDABLE/NONHOLDABLE PARITY

Non-holdable items at any jurisdiction cannot exceed the number of holdable items.

Each library participating in reciprocal borrowing within the Black Gold system agrees to process holds in a timely manner by exercising the hold mechanism in the automated circulation system at least every open day.

UNCLAIMED HOLD ITEMS

Unclaimed reports should be run every day to transfer items to the next patron. If an item has a status of "Unclaimed" but is not found, wait for 1 month from the unclaimed date and contact the owning library for a shelf check. If it is not located, the item's status should be changed to "Missing" by the owning library.

Located in "Holds waiting over 10 days" tab in Koha. The tab is in the Circulation module under "Holds awaiting pickup."

The patron is also contacted to determine if they have the item.

RENEWAL LIMITS

By common agreement, items may only be renewed according to the owning library's policies. All member libraries allow renewals on most materials except items on hold.

As a general rule, patrons are allowed 3 autorenewals unless a hold is placed on an item.

PAPERBACK

The definitions and descriptions of "Paperbacks" vary widely, as do the policies concerning them. Variation not only occurs between library jurisdictions, but sometimes between branches within a jurisdiction. The breadth of the variation makes it difficult to be sure that what one library means by "Paperback" is precisely what any other library means by "Paperback."

A PARTIAL LIST OF TYPES OF PAPERBACKS

Adult: Cataloged, Uncatalogued (short title entries) Juvenile: Cataloged, Uncatalogued, Generic, Comic Books, Fotonovelas, Spanish.

OVERRIDING DUE DATES FOR STAFF/OTHERS

Library staff members are held to the same loan rules as all other patrons. Library staff may not use the Override Renewal Restrictions, Renewal Due Date or any other Koha function to extend due dates for items checked out to self, other staff members, or the public without noted approval by a supervisor. Changing a due date inappropriately may result in disciplinary action.

EXCEPTIONS TO OVERRIDES FOR HOLDS

- 1. It is permissible for library staff to override the hold queue only in these two instances: 1. Patron has found the item in the stacks and presents it for checkout. 2. The item is damaged or has missing parts.
- 2. Staff should be sure to reactivate the hold request so that the patron remains at the top of the holds queue. Select checkout option. Do not cancel hold.

BLACK GOLD FEES AND CHARGES

CHECK-IN

UNIFORM CHECK-IN PROCEDURES

Black Gold libraries will check-in all types of materials including books and AV (audio visual) that are returned to their library regardless of which Black Gold library owns the item. Library of Things (LOT) items should be checked in and returned at the owning library. If a LOT item is returned to a non-owning library, it should be checked in and placed in transit/sent back to the owning library immediately after check in.

Patrons who happen to see another Black Gold library's item that has been returned to the counter and wants to check it out, may do so if there are no holds on the item. The exception to this is items that are a part of a 'LOT' collection. LOT items may not be immediately checked out upon return. However, returned items that belong to another Black Gold library should not be made browsable for the public, but returned expediently via delivery to the owning library.

IN TRANSIT (Needs Review)

The report will be available in Koha reports under custom reports for each jurisdiction. Each library should search its shelves within 2 weeks of receipt of the report and change item status accordingly. Items In-Transit to another library from the owning library should be checked first; then items In-Transit from libraries other than the owning library should be searched. It is recommended that libraries run the report on a quarterly basis as a 'Best Practice'.

REFUNDS FOR LOST AND PAID ITEMS

Refund practices vary by jurisdiction. Patrons must apply for a refund (if applicable) at a library within the jurisdiction where the charges for the lost item were paid.

Jurisdiction	Refund Given and Timeframe
PR	Yes, within 3 months of payment for the lost item
GO	No refunds
SM	No refunds
LM	Yes within 3 months of payment for the lost item
SP	Yes within 12 months
CC	Yes within 12 months

WAIVING FEES FOR LOST OR DAMAGED ITEMS

When an item has had charges for damages or loss placed on it by a jurisdiction, staff at another jurisdiction will not remove or waive fees that have an existing item attached to the patron account without first consulting supervisory staff at the owning library. An exception to this is made for juvenile/teen patron types aging up to an adult patron for "deleted" item charges only. In this case, charges associated with a "deleted" item in the juvenile/teen account would be removed prior to the change in patron type, or if the patron in the juvenile or teen patron category is to be deleted from Polaris Koha.

CLAIMS

CLAIM RETURNED

Claim Returned in Koha does NOT move to Lost automatically.

Once library staff move an item into claim status (Claims Returned/Claims Never Had) for a patron, the process becomes manual.

Staff must manually check in that item, which severs the link to the patron's account. Staff must then move the item to "missing" status manually by opening the item record and changing the status from "on-shelf" to "missing."

All libraries allow patrons to claim that library materials currently out on their cards have been returned. Below are specific library policies for Claim Returned:

- **SP** Patrons do not lose borrowing privileges due to the number of their Claim Returned items. Items are Claim Returned at staff discretion. Staff will look for it for over 3 months. Patron will be charged if not found after 3 months.
- LM Patrons are allowed 3 Claim Returned that do not go to lost. These are items owned by Lompoc's system. They do not lose borrowing privileges.
- **PR** Patrons may lose borrowing privileges due to the number of their Claim Returned items. Items are Claim Returned at the staff's discretion.
- **SM** Up to 2 items may be set to Claim Returned until 6 weeks after due date. Notices sent during search period. If 3 or more items, shelf search has to be done first. Patron is billed for items 6 weeks after due date and then lose borrowing privileges.
- **GV** Patrons are allowed 3 Claim Returned that do not go to lost. These are items owned by Goleta's system. They do not lose borrowing privileges.
- **CC** Patrons do not lose borrowing privileges due to the number of their Claim Return items. Items are Claim returned at staff discretion.

NUMBER OF CLAIM RETURNED ALLOWED

The table below shows:

- The number of unresolved Claim Returned (C/R) items allowed before borrowing privileges are suspended.
- How and when Claim Returned items are set to Lost.

	SP	LM	PR	SM	GV	CC
Limit of C/R items	case by case	3	Case by case	2	3	Case by
						case
C/R to lost	90 days	leave in C/R status	Case by case	manually set @ 42 days *	Leave in C/R status	Leave in C/R status

*Koha system – Items appear on a sequence of lists throughout a 60-day period.

At the end of the period, staff must manually do 1 of 3 things:

1. Return the item

2. Change the items status to "Missing"

3. Put a manual replacement charge on the patron's account with a note, if that is the local policy.

Duplicating the report creates a new report with a unique identification number.

You can then edit the report's name, description, and SQL code if needed. Any changes made to this duplicate report will not affect the original version.

Both the original and the new report will appear under the **All** tab, and the new report will also appear under your library's tab if you set your library as the Report Group.

Important: If you modify a report without duplicating it first, you will be altering the original report. This can lead to unintended consequences for other libraries that may rely on that report, as any changes will affect their version as well.

If you already know the report number or name, you can quickly access it by entering this information in the **Search by keyword** field on the **Reports** page.

DELIVERY

BLACK GOLD DELIVERY

Currently, Black Gold runs a single round trip delivery schedule, Tuesdays and Fridays, to all the main library member jurisdictions and to Black Gold headquarters. Holiday week scheduling is determined based on library hours and availability of the contracted driver.

The delivery route starts in Santa Paula with the driver arriving at the Blanchard Library at 6:30 a.m. Delivery schedules fluctuate with traffic conditions and delivery volume. Contact Kristina Uvalle (kuvalle@blackgold.org) with any questions or concerns.

Duplicating the report creates a new report with a unique identification number.

You can then edit the report's name, description, and SQL code if needed. Any changes made to this duplicate report will not affect the original version.

Both the original and the new report will appear under the **All** tab, and the new report will also appear under your library's tab if you set your library as the Report Group.

Important: If you modify a report without duplicating it first, you will be altering the original report. This can lead to unintended consequences for other libraries that may rely on that report, as any changes will affect their version as well.

If you already know the report number or name, you can quickly access it by entering this information in the **Search by keyword** field on the **Reports** page.
