February 3, 2021– 10:00 a.m.
Video Webinar – ATS Ops**

Attending: Karen Christiansen, PR; Marci Cunningham, SLO; Selena Fierro, SM; Dominic Keen, LM; Alain Dussert, SB; Marie Crusinberry, GV; Justin Formanek, SP; Kim Hunter, ATS; Matt Duhon, ATS; Glynis Fitzgerald, BG; Kristina Uvalle, BG.

- 1) 10:01 A.M. CALL TO ORDER** Kim Hunter, Chair, Presiding
Recorder; Kristina Uvalle (BG)
- 2) ADOPT AGENDA** — Add item 6a to agenda. Moved/seconded KC/SF. Approved. Motion carried.
- 3) *APPROVE MINUTES** — January 6, 2021 by Kristina Uvalle (BG). Moved/seconded KC/JF.
Approved. Motion carried.
- 4) CIRCULATION –**
 - a) *Unique Notices – language change

KH (BG) clarified that BG can control text and email notices, but Unique control the fine notice (mail) which is the issue being discussed. She reported we can add a phone number and/or website/email to the return address block. During the discussion on possible language changes, it was pointed out that many patrons were surprised by the \$10 collection fee charge. KH (BG) stated that thresholds play a big part on what notices get sent out. The question came up as to whether there should be a \$10 collection fee charge given our growing “no fine” policies. KH (BG) will check with iii to see if that fee can be designated by branch as it is currently a system setting. AD (SB) reported that SB will be paying the \$1000 fee to have an individualized letter sent out to their patrons. GF (BG) will take the \$10 fee question to Admin Council for review. BG will create a sample language to be reviewed at the March Ops Meeting scheduled for Wednesday, March 3rd.
 - b) *Discuss opportunity to add ‘specialized’ collections and shelf locations (ATS)

KH (BG) reported a request for different collections and shelf locations to be available at different branches has been made. This is completely ‘doable’ in SA but will require work on the library side as well. Items that are going to be placed in these new collections or shelf locations will have to be placed in a record set and bulk changed once the new collections/shelf locations have been added to SA. Staff will also need to decide if floating will be activated for the collection and which locations would be participating in the floating process and notify ATS of these choices so it can be set up in the ILS.

ATS will notify Ops members when a collection/shelf location has been added so jurisdictions/branches can ‘opt in’ to using it. If other locations choose to use the new collections/shelf locations the same choices/processes (record sets, bulk changes, floating) will have to occur. MC (SLO) asked if we could look at shelf locations and repurpose ones that are not being used. KH (BG) will provide a list for review and send it to the Ops Committee members.
 - c) Discuss Patron privacy/registration input changes.

GF (BG) stated that an issue concerning patron privacy came to light during the review with the attorneys regarding the server vandalism that occurred in January. She asked if were necessary to input DL#s into the system. The number appears in no specific place and shows up in random fields and in inconsistent formats. SF (SM) reported that DL#s are used when a patron needs to replace a lost library card. KC (PR) stated they were also used for people who have common names and for children with divorced parents. MC (GV) stated they were used to verify

that right patron account was being used. The discussion turned to possible solutions including using partial numbers or mask the number. KH (BG) stated that the issue would be discussed with the Directors and that we are only gathering information and weighing risk factors vs. the way we do business.

5) ILL – N/A

- 6) TECHNICAL** — KH (BG) reviewed procedures for offline access to LEAP and staff client for Polaris. The ATS website as documentation located under Offline Database Files and Polaris Tech. Libraries were reminded to make sure they were using Polaris v.6.6, that Offline LEAP has been installed do not clear the cache before uploading the files and to be sure to inform Kim when they were done using it to ensure files are updated promptly.

7) ONGOING DISCUSSION ITEMS

- a) ...
- b) AD (SB) in the initial stages of working with Cisco Umbrella for CIPPA compliance. MC (SLO) in the initial stages of creating RFP for AMH's for Atascadero and Morro Bay.
- c) PCI Informational Minute – N/A

8) BLACK GOLD UPDATE

KH (BG) is working on monthly and semi-annual reports and will out on vacation next week. GF (BG) reported we are moving forward on the discovery process for the Aspen overlay with Polaris. In contact with a similar consortium in NJ who is scheduled to start the process in March. No movement on KOHA yet.

9) ROUNDTABLE – N/A

- 10) ITEMS TO BE FORWARDED** — To Council: \$10 collections charge fee. Information on DL use in Polaris by library staff.

11) AGENDA BUILDING 4a & 4b

12) NEXT MEETING — 10:00 a.m., Wednesday, March 3, 2021 – Webinar
